

Fayetteville Academy

Core Competencies

7

Mission Statement

The Fayetteville Academy is an independent college preparatory school that encourages students to achieve their full potential by offering exceptional opportunities in academics, fine arts, and athletics. The Academy emphasizes scholarship, honor, leadership, and citizenship.

In support of the Mission Statement, Fayetteville Academy has developed The Core Competencies as a framework for teaching our students scholarship, honor, leadership, and citizenship. The development of these essential skills which are based upon current educational research, will prepare 21st century learners for success in college, the workplace, and life. The first competency, Core Knowledge, our course content, is the vehicle through which the remaining six competencies are delivered.

■ Core Knowledge

- Arts
- Health and Wellness
- History and Social Studies
- Language Arts
