

FAYETTEVILLE ACADEMY

Middle/Upper School Math Teacher

There is an opening for a Math teacher at Fayetteville Academy for the 2018-2019 school year. This position is full-time and will begin in mid-August of 2018.

Credentials:

The successful candidate must minimally have a bachelor's degree (with a master's degree preferred) and at least two years teaching experience. The candidate must be qualified to teach middle school math and Algebra I with the possibility of some upper school courses in the future. Independent school experience is preferred.

Position Expectations:

The successful candidate must possess a strong background in math with an understanding of what skills are necessary for subsequent higher level math courses. The candidate should also be able to implement the use of technology to enhance instruction. Problem solving skills, critical thinking skills, a sense of humor, enthusiasm, and collaboration are also important attributes for this position. Effective communication with students, parents, colleagues, and active participation in the expectations of this grade level are essential.

Fayetteville Academy actively seeks candidates who participate in the life of the school and possess strong interpersonal skills that allow one to work effectively with students, parents, faculty, and administration. He/she should be a self-directed individual who is solution-oriented, flexible, and works well with co-workers while possessing a positive attitude.

References should speak to an applicant's ability to be a dynamic educator and to be an effective, supportive mentor for adolescents.

Please send a cover letter, resume, and at least three references to muemployment@fayacademy.org
