# SOUTHERN TEACHERS

A G E N C Y

**September 27, 2022**

Dear FA Community,

We are making wonderful progress in our Head of School Search. To review, the Search Committee reviewed during the summer the pool of candidates identified by our search consultants at Southern Teachers. The Committee then met individually with an impressive group of semi-finalists chosen from amongst the consultant's recommendations. After careful consideration, we are now ready to introduce our first finalist to campus on September 29-30.

Each of the candidates we will be inviting is currently a leader at another school. Though the key people at their schools know they are visiting our community, we need to provide them some level of confidentiality, which is why we are not naming the candidates at this point. Their visits to campus, however, will be public.

Representative groups from the administration, faculty, parents, and students will meet with the finalists. After meeting with the candidates, we will solicit their feedback through a survey. The Search Committee will incorporate their comments and impressions in its deliberations when it selects a finalist to recommend to the Board of Trustees.

All of our hard work has led to this, and we cannot wait to show our community to these impressive prospective leaders.

Sincerely,

Wells Alderman and Billy West  
Search Committee Chairs
